

Eastern Connecticut Assistive Technology Center

A Connecticut Tech Act Project Partner

Located at
The Windham Regional Community Council
872 Main Street Willimantic, CT

The Eastern CT Assistive Technology Center is an AT Demonstration Center that contains a computer access station, equipment for persons who are blind or have low vision, hearing impairments, learning disabilities and devices to reduce barriers in the workplace.

For a demonstration of a variety of AT devices to help you decide if an AT device is right for you, please call to schedule an appointment : 860-423-4534

Assistive Technology (AT) is any device used to increase or maintain independence and functioning of persons with disabilities at work, at school, at home or in the community.
